

Pingpongbalspel

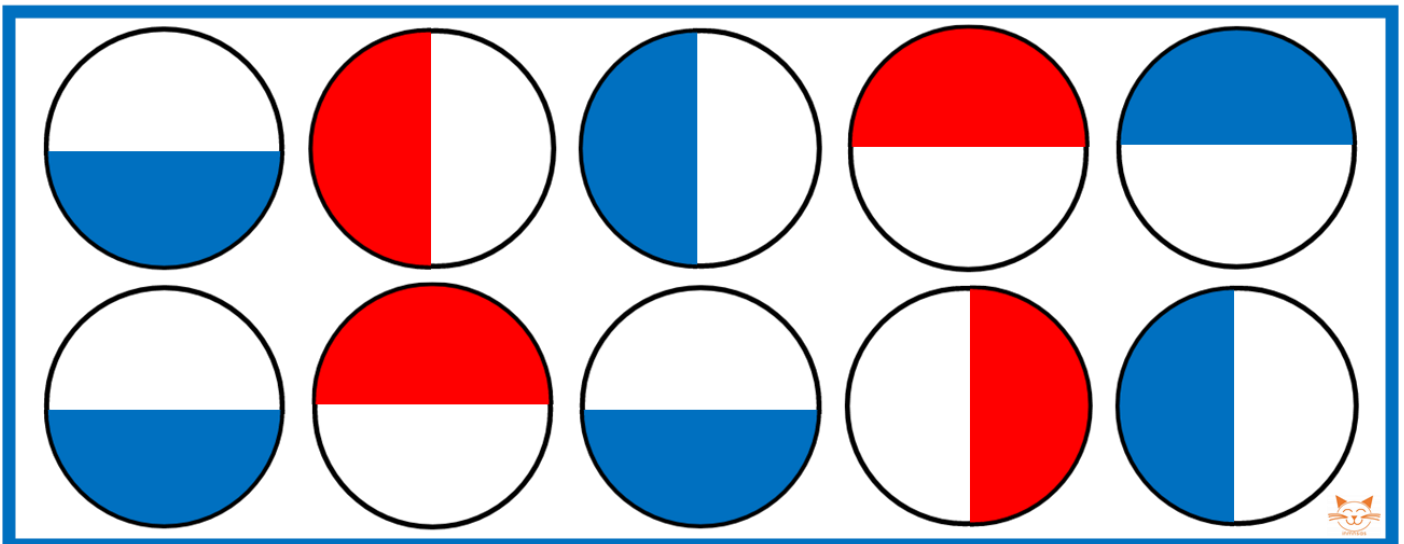

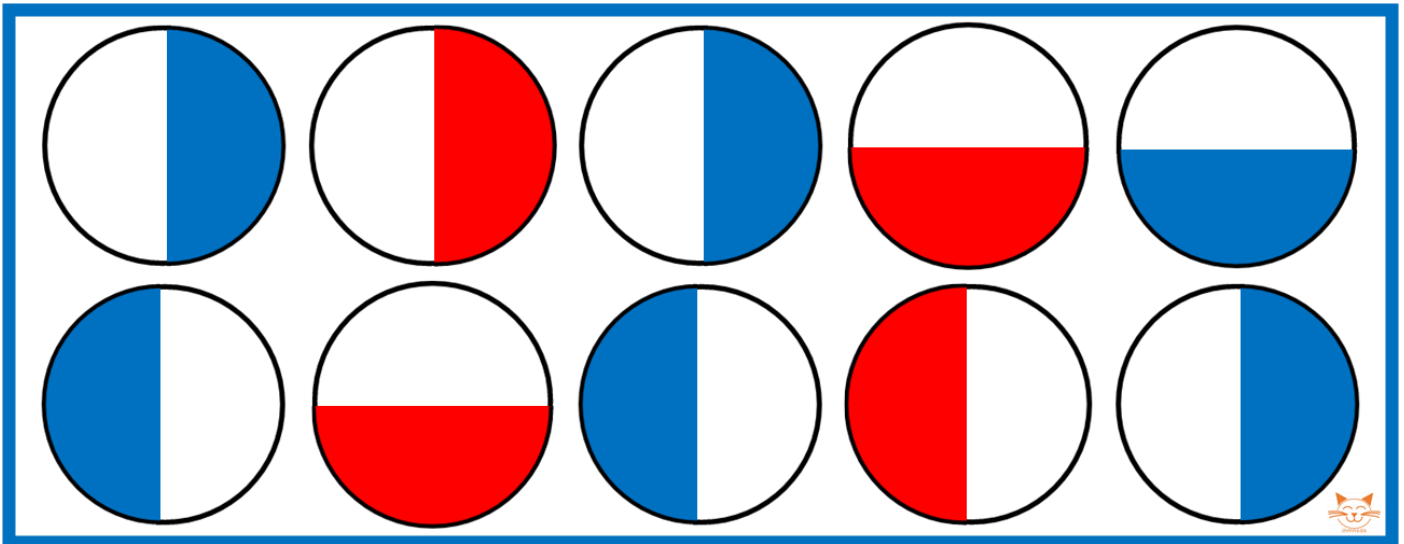

Dit plaatje zag ik op pinterest. De site waar eventueel werkblaadjes of opdrachten op stonden, was een spookwebsite geworden.

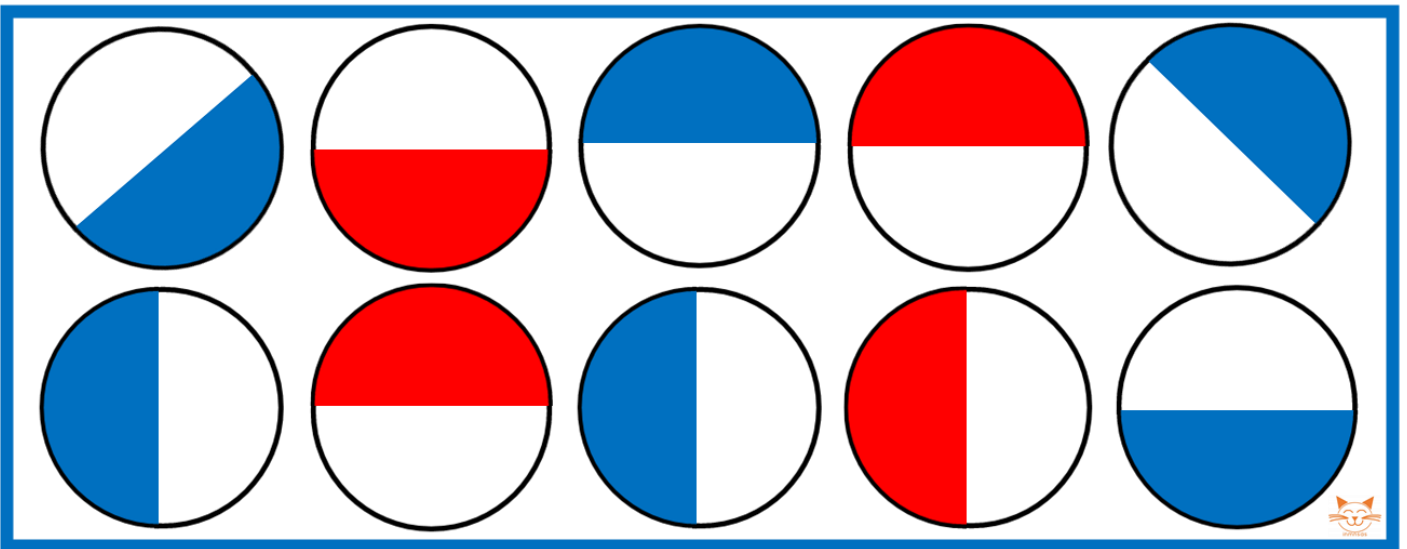

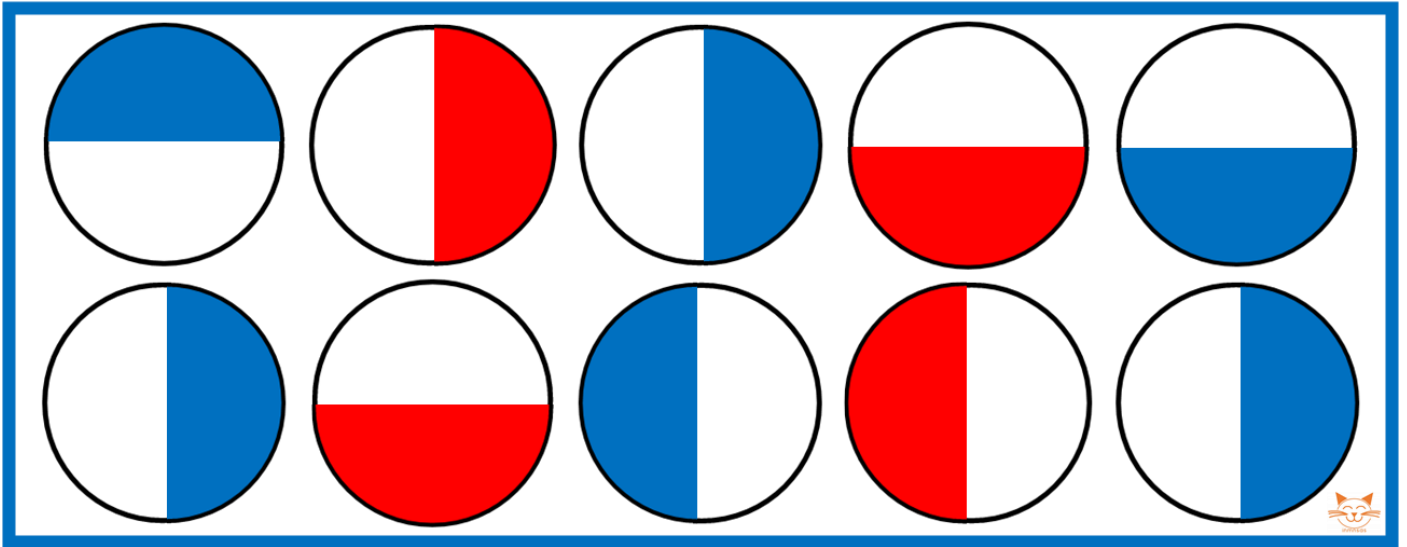

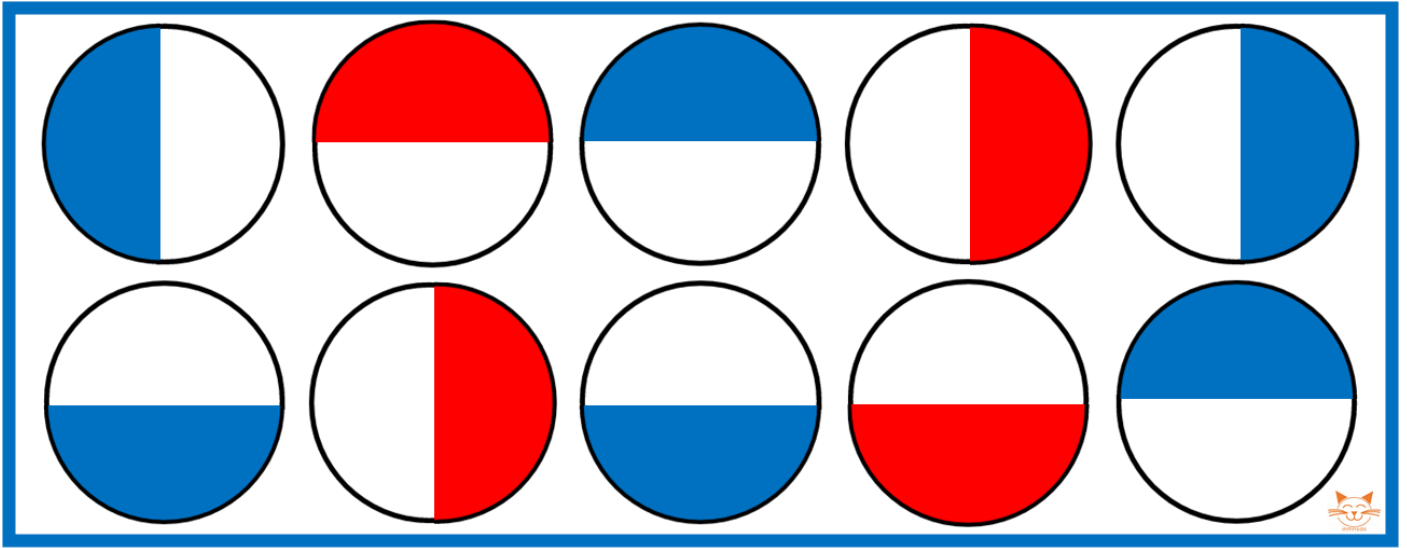

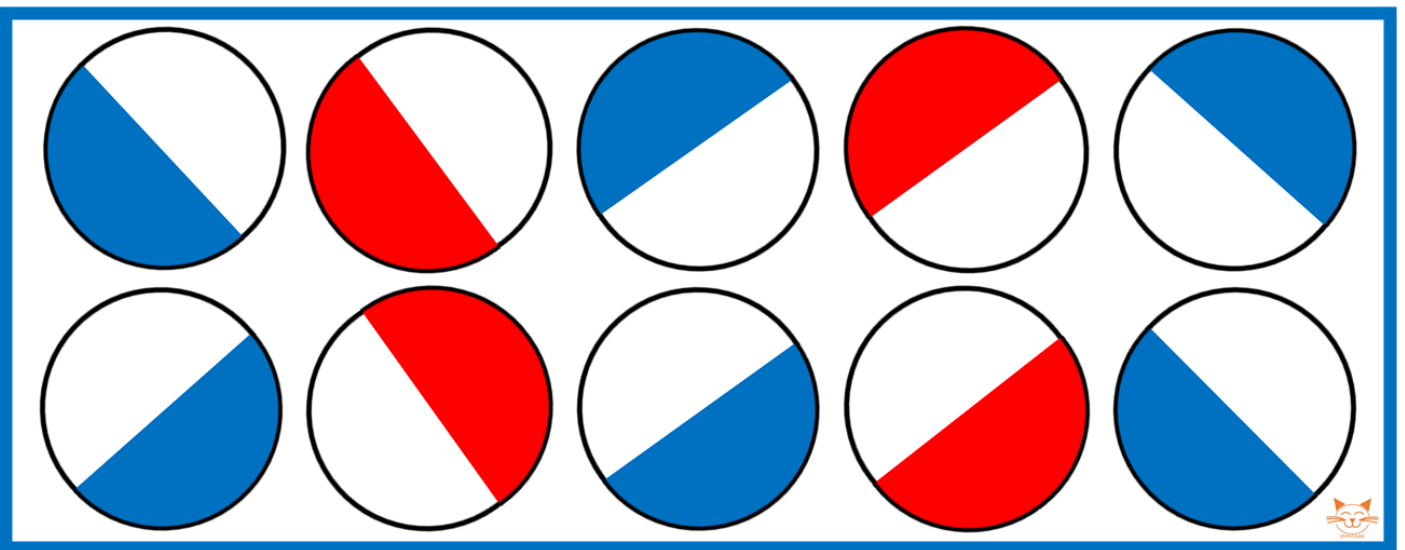

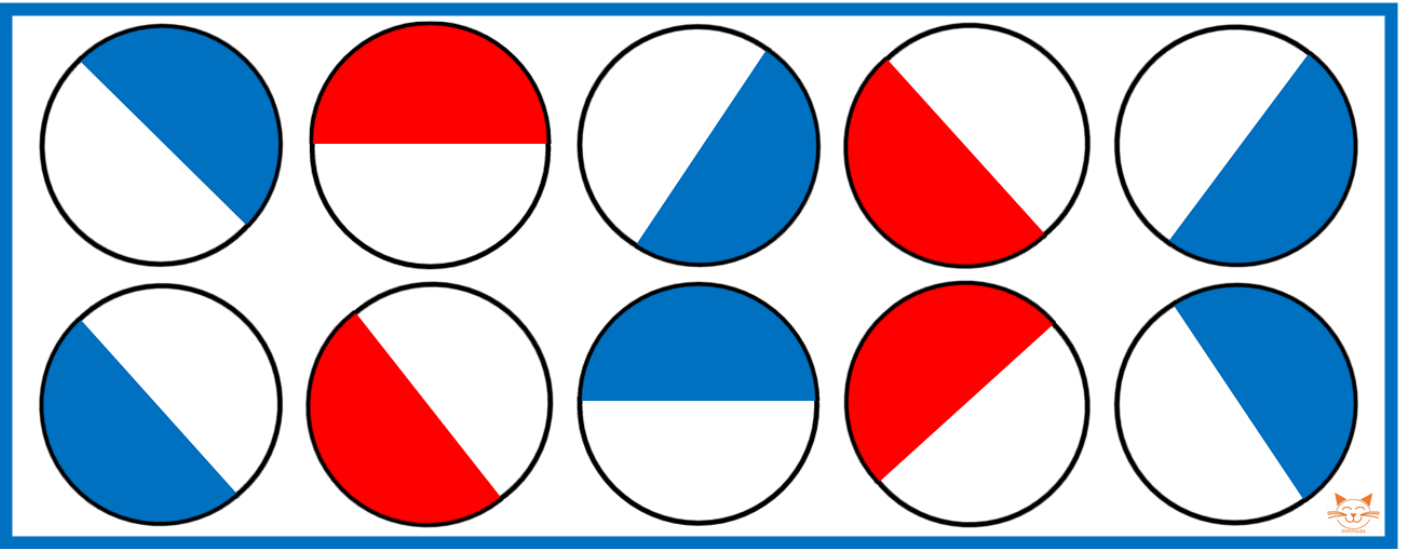

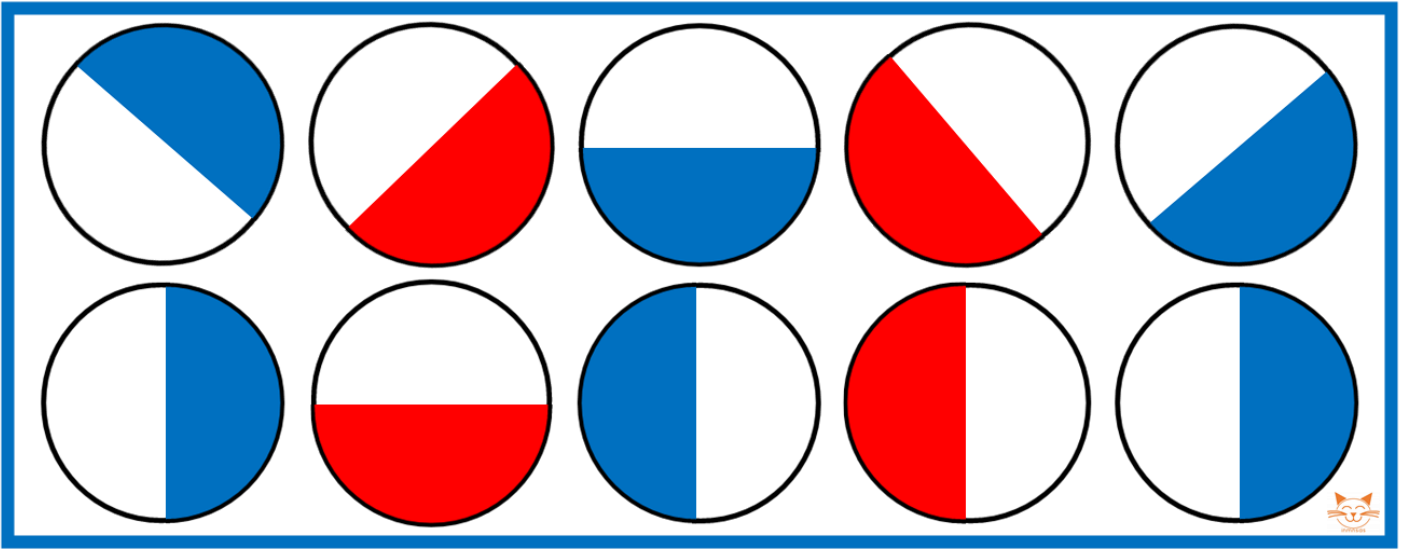

Wat zonde!

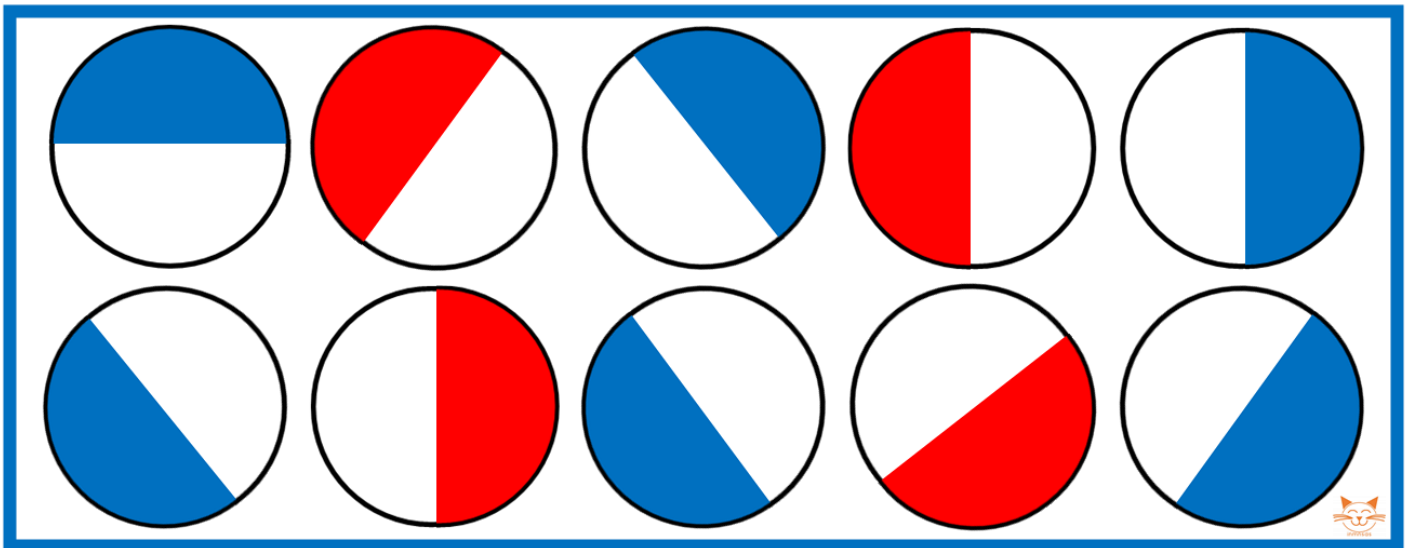

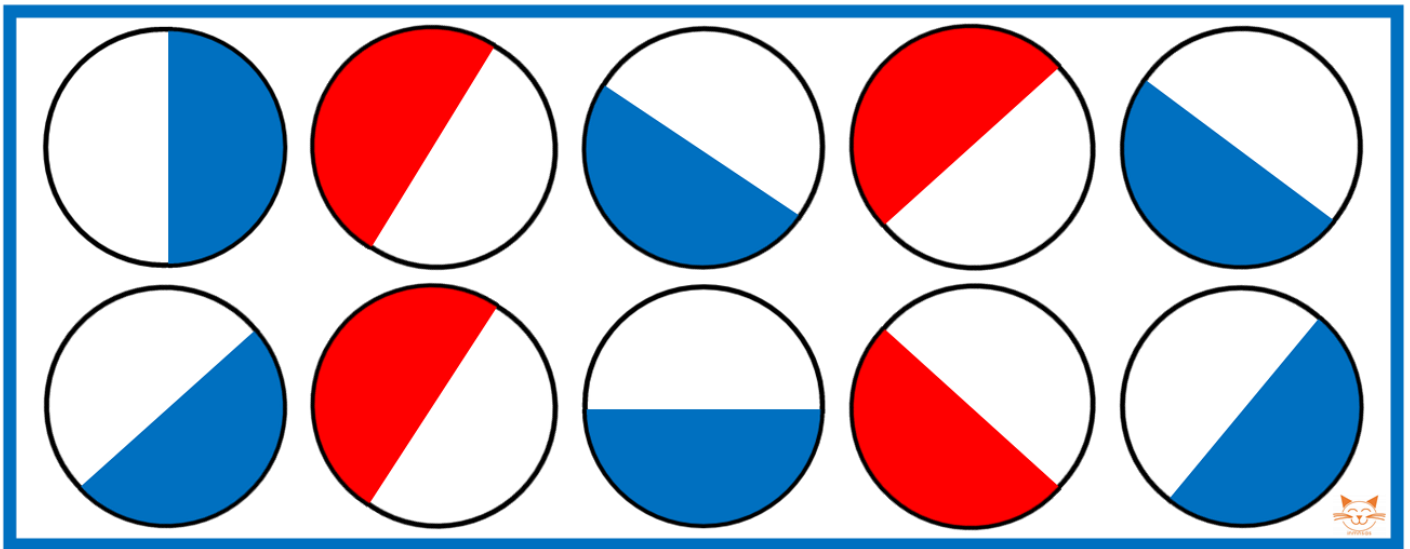

Want de opdrachten zijn juist zo leuk voor oudste kleuters of begin groep 3 kinderen. Dat laat ik me geen twee keer zeggen!

Veel plezier met spelen! Groetjes Sas!

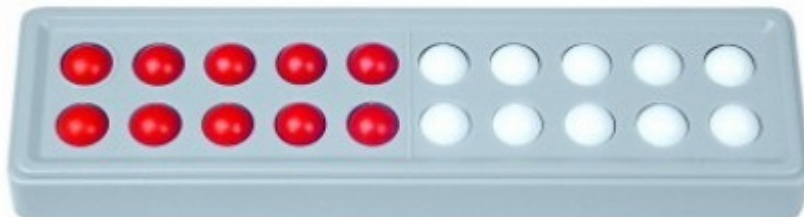

Tip:

Later zou je van de ping-
pongballen een soort
"Obaco" kunnen maken.

Of een splitsdoos.

Leg 10 pingpongballen

(rood/wit) in de eierdoos en rol en kijk welke splitscombinaties je kunt maken.
